

**Amendments to the Drawings**

Applicant submits herewith three (3) annotated drawing sheets and three (3) replacement drawing sheets, these drawing sheets reflecting changes to Figs. 1, 2, 4A and 4B. Applicant has amended Fig. 1 by changing reference numeral 2 to reference numeral 12. This change corrects a minor typographical error, and is supported in the specification, including page 2, line 3 – page 3, line 18.

Applicant has amended Figs. 2, 4A and 4B by replacing the letter “O” with --Y-- in various locations. This application claims priority to a French application, in which “O” in Figs. 2, 4A and 4B represents the word “oui,” which means “yes” in English. Accordingly, Applicant has amended Figs. 2, 4A and 4B by changing “O” to --Y-- to represent the word “yes.”

As none of the changes to Figs. 1, 2, 4A and 4B add new matter to the application, Applicant respectfully requests approval and entry of these drawing amendments.
